

Family Orthotics and Prosthetics supports the efforts of missionaries and non-profit organizations worldwide. With your help, we can continue to provide assistance to amputees in developing countries who do not have the benefit of routine visits with a prosthetist.

If you would like to donate your used prosthesis, please use the organization below. As always, if you would simply like to drop it off at one of our offices, we will make sure that it is forwarded to the appropriate personnel for use by one of our brother or sister amputees worldwide.

Put Your Used Prosthesis to Good Use
